## **PAPER STRAW**

VERSUS

# **PLASTIC STRAW**

## **Plastic Straw**

Paper Mill

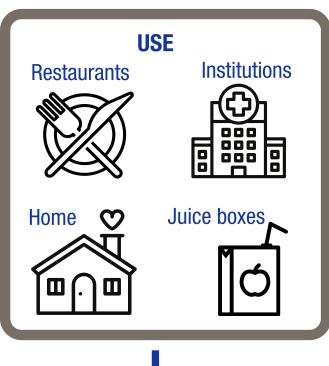

Paper Straw

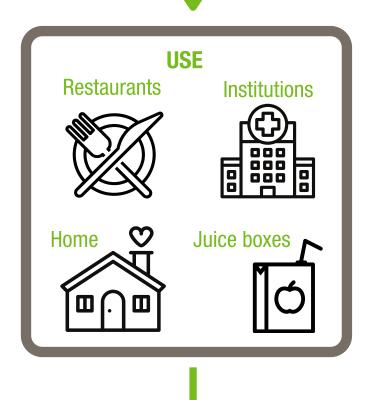

Distribution

<del>O</del>PP

### **DISPOSAL**

 Most straws go to landfills

- Some are incinerated
- The rest end up in the ocean

Plastic straws contribute to pollution at every stage.

#### **DISPOSAL**

 Most straws go to recycling centers & may be turned into future paper goods

 Disposing paper straws leaves less of a carbon footprint

 Paper straws are safer for wildlife

Paper straws
have less impact
on the environment.
